Ke aka o Hale'iwa ...Kupono me ke aloha no ke ahona o ke ao

The ESSENCE of Hale'iwa...Live life to the fullest with honor, respect, kindness and love to make the world a better place

April 1, 2026

Hale'iwa Elementary Families,

The Board of Water Supply (BWS) is the provider of drinking water to the schools in Waialua Complex. The BWS issued the Boil Water Notice after the recent flooding out of an abundance of caution and their subsequent sampling results confirmed that there were no issues with their water system or drinking water quality. We are pleased to inform you that the state Department of Health tested the water from our school faucets and has determined it is safe for drinking and hand washing. As a result, we will be removing the temporary hand washing stations and water bottle filling stations and returning to normal use of our facilities starting on Thursday, April 2, 2026.

We understand that some members of our community may still feel cautious. If that is the case for your family, please feel free to pack additional drinking water for your child.

Thank you for your patience and support.

With Aloha,

Malaea Wetzel

Principal

Hale'iwa Elementary
